## RE: PRICE INCREASE

Dear Valued customer,

Price Increase Notification – 1st of March 2022.

Due to a price increase on raw materials once again the manufacturers have informed Underground Civil Supplies that they will all be having a price increase on the 1st of March 2022. As a result our selling prices will increase on the following products effective 1st of March 2022.

- All PVC Electrical/Communications and NBN conduits will increase by up to 5%
- All PVC pressure pipes will increase by up to 5%
- All PVC Non- Pressure Pipes and fittings will increase by up to 5%.

At this stage we will hold prices on our bends and fittings for Electrical, Communications and NBN but it is likely an increase on these items will occur in the coming months.

The price rise will apply to all orders and deliveries made on or after the 28th of February 2022.

We also advise that we are unable to roll over any contract prices or existing quotes therefore we suggest that if you can store PVC conduits do purchase these and have them delivered prior to the 28th of February 2022 to avoid this increase.

We regret having to pass on these increases and thank you for your valued ongoing support.

Kind Regards

Paul Smith  
General Manager  
Underground Civil Supplies
