RE: PRICE INCREASE - PVC PRODUCTS

Dear valued Customers, Colleagues and Friends,

Due to ongoing changing market conditions and increased supplier and material costs, we would like to advise that on the **1st May 2021**, a 15% price increase will take effect for all PCV products.

We regret having to pass on these increases and are doing everything we can to avoid disruption to supply.

Any orders dispatched before this date will be supplied at current prices (subject to availability of current stock held) and any dispatched on or after that date will be subject to the increase.

Please get in touch with your account manager as soon as possible if you wish to place an order before the price increase takes effect.

We appreciate your ongoing support and understanding during this time.

If you have any questions please contact your account manager.

Kind Regards

Paul Smith
Director
