FILOseal+

universal re-enterable duct sealing system

duct opening up to Ø 50mm

Telstra Approved
Duct sealing kit in accordance with Telstra document ID TM00042A01

Duct sealing system FiloSeal+ is a universal solution for sealing cables and pipes in ducts, drilled holes or transit frames.

The tri-flexible foam makes positioning and separation of the cables very simple while also providing a backing for the MD+ to be applied on to. FiloSeal+ is suitable for sealing any cable configuration or pipes contained in one duct and also allows easy re-entry of the seal to add or remove cables or pipes

as required. The Filoform duct sealing system FiloSeal+ uses our MD+ sealant which is easily applied from a skeleton gun. The high quality, one component, flexible sealant "MD+" is based on a silicone compound that cures with air (Humidity).

After application and full curing the thixotropic MD+ forms a plastic elastomer mass with special qualities effectively sealing and bonding, while providing a high level of durability.

FEATURES

- Flexible, one component, adhesive and sealing compound in a cartridge (310ml)
- High levels of Gas and Water tightness
- Excellent adhesion
- Resistant against Water, Alkaline, Chemical agents
- Resistant to Hydrocarbons
- Resistant to Hydrogen Sulphide / Methane and many other Gases
- Resistant to Rats
- Resistant to Termites (Mastotermes Darwiniensis) Northern Australian Termites
- Non corrosive
- Solvent free
- Shock absorbing
- Non toxic, neutral and almost odourless
- Complies with ATEX regulations
- Suitable for any shaped duct / bore hole / opening
- Seals all known materials, PVC & PE sheathed cables, PILC, (HD) PE pipes
- Suitable for renovations, can be installed retrospectively
- Up to 1 bar pressure resistance
- Quick & easy to install, especially in vertical ducts
- Non Hazardous
- Over 25 years of operational experience
- Telstra Approved Duct Sealing Kit in Accordance with Telstra Document ID TM00042A01
- Can easily be removed

Product Name	Duct diameter minimum (mm)	Duct diameter maximum (mm)	No. of seals per kit Approximately	Order Unit
FiloSeal+125T	32mm Ø	50mm Ø	Seals 12 x 32mm or 6 x 50mm Ø	Per kit
FiloSeal+200T	32mm Ø	50mm Ø	Seals 24 x 32mm or 12 x 50mm Ø	Per kit
