RE: PRICE INCREASE - PVC CONDUIT

Dear valued Customers, Colleagues and Friends,

Due to changing market conditions and increased supplier and material costs, we would like to advise that on the 1st January 2021, an 8% price increase will take effect for PVC conduit.

Any orders dispatched before this date will be supplied at current prices (subject to availability of current stock held) and any dispatched after that date will be subject to the increase.

Please get in touch with your account manager as soon as possible if you wish to place an order before the price increase takes effect.

We would like to take this opportunity to thank each of you for your ongoing support and wish to assure you that we are continually working with our suppliers to get the best possible pricing to pass onto our customers.

If you have any questions please contact your account manager.

Kind Regards

Paul Smith
Director
